

TWELVE-WEEK[®]
PROTECTION

BECAUSE IT'S ALL ABOUT
LIVING IN THE MOMENT

INTRODUCING BRAVECTO SPOT-ON AND CHEW

Picture a household that can enjoy 12 weeks of flea and tick protection for both cats and dogs. Now visualize that very same treatment available in a spot-on, as well as a convenient chew for dogs. With Bravecto's portfolio of prescription treatments, now you can make this image a reality. So pet owners and their pets can live in every extraordinary moment. For more information, contact your MSD Animal Health sales representative today.

1 DOSE OF BRAVECTO. 12 EXTRAORDINARY WEEKS OF PROTECTION.

BRAVECTO[®]
EXPECT THE EXTRAORDINARY
